

# Asbestos

## 010ASB2 Remove non-friable asbestos (1 Day)

### Nominal Course Duration

1 Day. Public courses start at 8.00am and are usually completed by 4.00pm, dependent upon the learning abilities of the participants

### Maximum Students

12

### Description

This course is aimed at personnel who have not undertaken any asbestos removal training previously, intend to remove asbestos over 10m<sup>2</sup> and are required to undertake work for a licenced asbestos removalist.

Workers (including the asbestos removal supervisors) who are carrying out licensed asbestos removal work are required to acquire a certification by completing units of competencies to show they have the relevant training to be able to remove asbestos. The units of competency completed by the person will determine what type of asbestos work they can carry out. Asbestos removal supervisors will have additional units of competency to complete.

### Training Subjects & Practical Exercises

- The nature of the asbestos hazards and risks
- How asbestos can affect a person's health
- The risk from exposure to airborne asbestos
- The control measures in place and maintenance of the asbestos removal control plan for that job
- The methods and equipment that will be used to do the job properly
- Choosing, using and caring for PPE and RPE
- Decontamination procedures
- Waste disposal procedures

### Training & Support Material

- Non Friable Asbestos Removal Training Manual
- How to Safely Remove Asbestos Code of Practice
- Asbestos Removal Control Plan Document Templates
- Lunch is provided

### Course Pre-requisites

- CPCCOHS1001A WHS Construction Induction

### Pre Entry Requirements

- Participants require sufficient literacy and numeracy levels to read and interpret policies and procedures, safety data sheets and sample permits.
- Participants will need the physical ability to perform some strenuous activities in the practical exercises.

### Assessment

Assessment includes written questionnaires, practical demonstrations, oral questioning and participation in group activities or teamwork.

### Vocational Outcome

Combined Training & Consulting Pty Ltd t/a CTC Safety RTO 7053 in partnership with RTO 91141 will award successful participants with a Nationally Recognised Statement of Attainment in:

- **CPCCDE3014A Remove non-friable asbestos**
