

Confined Space

020CS4 Enter and work in confined spaces, Gas test atmospheres and Permit Issuer (1.5 Days)

Nominal Course Duration

2 Days. Public courses start at 8.00am and are usually completed by 4.00pm, dependent upon the learning abilities of the participants

Maximum Students

12

Description

This course is aimed at personnel who have not undertaken any confined space training previously, intend to enter and work in confined spaces and are required to undertake precautionary personal atmospheric monitoring (gas testing).

This course is designed to meet the legislative requirements for **low to medium risk** confined space entry. If there is a potential for the atmosphere in the confined spaces being worked in to become oxygen deficient, or for toxic contaminants to exceed the exposure standards, you should do the 2-day course with breathing apparatus qualifications included.

Training Subjects & Practical Exercises

- Confined space legislation
- Confined Space code of practice
- AS/NZ 2865 (2009) Safe Working in a Confined Space
- Confined spaces definition and identification
- Confined Space Roles & responsibilities
- Confined Space hazard identification, risk assessment & risk control
- Confined space gas detection equipment & atmosphere monitoring
- Workplace exposure standards for airborne contaminants
- Confined atmosphere space ventilation & purging
- Confined space isolation requirements
- Confined space communications
- Selection & use of relevant confined space PPE & safety equipment
- Confined space fire prevention & protection
- Confined space emergency response requirements
- Confined space entry planning & rehearsal
- Confined space procedure and entry permit

Training & Support Material

- Confined Space Training Manual
- Confined Space Code of Practice
- Confined Space Document Templates
- Lunch is provided

Course Pre-requisites

- Nil

Pre Entry Requirements

- Participants require sufficient literacy and numeracy levels to read and interpret policies and procedures, safety data sheets and sample permits.
- Participants will need the physical ability to perform some strenuous activities in the practical exercises.

Assessment

Assessment includes written questionnaires, practical demonstrations, oral questioning and participation in group activities or teamwork.

Course Information

Vocational Outcome

Combined Training & Consulting Pty Ltd t/a CTC Safety RTO 7053 will award successful participants with a Nationally Recognised Statement of Attainment in:

- **RIIWH202D Enter and work in confined spaces**
- **MSAPMOHS217A Gas test atmospheres**
- **RIIWH201D Work safely and follow WHS policies and procedures**

Public Courses

Regular public courses are run at our venues in Emu Plains - Sydney, Edgeworth - Newcastle, Botany - Sydney, Wyong - Central Coast and Coniston - Wollongong. Please see our public course schedule at www.ctcsafety.com.au.
